ARUJ BANSAL Machine Learning | MERN Developer

Ghaziabad, Uttar Pradesh • Mail • Github • LinkedIn • Leetcode • +91 9548638618

PROFESSIONAL EXPERIENCE

DATA ANALYST

A2 Creations

O9/2022-11/2022

- Executed website scraping and data analysis projects, extracting valuable insights and enhancing decision-making processes.
- Applied machine learning models to predict company growth accuracy scores, contributing to strategic planning and operational optimization.

MACHINE LEARNING DEVELOPER

Internship, Ghaziabad

Feeding Trends 04/2022-09/2022

- Completed internship with positive feedback, strong performance in task execution and team contribution.
- Gained foundational knowledge in machine learning principles and techniques.
- Commended for enthusiasm and dedication to mastering machine learning concepts, showcasing a proactive approach
 to professional development.

MACHINE LEARNING ENGINEER

Internship, Singapore

SCOR

05/2022-08/2022

- Completed internship at SCOR Services Asia-Pacific Pte Ltd with positive feedback for strong task execution and team contribution.
- Gained foundational knowledge in machine learning principles and techniques.
- Commended for enthusiasm and dedication to mastering machine learning concepts, demonstrating a proactive approach to professional development.

EDUCATION

B.TECH Ajay Kumar Garg Engineering College

Cgpa: 7.1 2021-2025

10тн -12тн St. Mary's Convent Sr. Secondary School

10th - 94.7% 12th - 95.2% 2019-2021

CERTIFICATIONS

<u>BVICAM</u>, <u>VIT Vellore IEEE</u>, <u>BLOCKVERSE'22</u>, <u>BLOCKVERSE'23</u>, <u>SANRACHNA</u>, RASVERSE, <u>HACKNITR</u>, SHARK TANK LNM, <u>DU Hacks</u>, Green Energy Computing, Ronins of Citadil, StartUp Conclave (Idea Lab), HacktoberFest

PROJECTS

Django Projects: Urine Strip Analyzer, Fraudulent Data Analysis, Chat Analyzer, person gun and number plate detection **Machine Learning and Data Analysis Projects:** Reidentification CCTV footage using yolo, Object Detection, Car and Pedestrian Detection, Hand Detection, Face Detection, Remove Outliers, Auction Analysis, Air Canvas, Diabetes Prediction, Loan Approval, All ML Model Prediction, Website Scraping (bs4), Data Cleaning, Analyzing Real Estate Data, Data Manipulation, Stock Monitoring Platform, Pixel Cops

MERN Projects: Fyle, Weather App, poRt (second hand laptop reselling), SabsePehle (Pre Order food), fitness club, GPT Clone

SKILLS

- Machine Learning, Computer Vision, Django, Data Analysis, Python
- MERN Stack (MongoDB, Express.js, React.js, Node.js)
- Web Scraping, Data Cleaning, Data Manipulation, Power BI
- Adobe After Effects, Photoshop
- Intermediate skills in Flutter
